

## Summer golf vacation packages

If you are looking for a different summer getaway and not the usual "sun, sand, sea" experience then head out to get one of the summer golf vacation packages. This is not your typical summer vacation because you will experience so much more than just soaking it up the sun. While you enjoy the sun and water with the outdoor swimming pool, you can also have the best game of golf you could ever play with the championship course that's included in your vacation package.

The good thing is that there are even promos on offer in which you can enjoy a wonderful stay. One of the best deals can be found in Pinehurst in North Carolina. Valid until September, you can select a two-night golf package and get an extra night (and another round of golf) for free. And that's not all. If you have kids under 17, you will save a lot! Because minors accompanied by their parents get to enjoy all the amenities, dine at the in-house restaurants and play golf for free! Now that's an offer that is hard to refuse!

Starting from \$949 per person, the whole family will have three-night accommodations, dinner (from the day of arrival), breakfast (until the day of departure) and afternoon tea, four rounds of golf through the duration of your stay (one round daily), use of cart, club storage, and sleeve of golf balls. Also included in the summer golf vacation package is the access to facilities such as beach clubs and outdoor pools as well as the fitness center.
